

OPEL GR  WERS
p r e m i u m p l a n t s

ABOUT US

It is crazy to think that almost 40 years ago in 1985 KME Farms opened for business with just a few singular hoop houses. Three of the original houses still stand today behind our current office building. Soon after opening KME Farms, I entered a business relationship with Old Paths and Marv's, creating Opel Growers. The name was decided on by taking the first two letters of Old Path's and combining the first two letters of Elders to create Opel Growers. Together we sold plugs, bare root, and finished perennials. Over the course of 20 years, Old Paths left and KME bought out Marv's, but we kept our name, Opel Growers.

Opel specializes in producing over 1,000 perennial varieties, one of the largest variety lists available in the industry! We are not limited to only perennials, we also supply shrubs, ground covers, herbs, vegetables, succulents, houseplants, annual pots, annual hanging baskets, annual patio pots, and mums. Throughout the years the team at Opel Growers has curated a product list so extensive we can be a 'one-stop shop' for many of our customers. We supply farmers' markets, garden centers, and independent retailers throughout the midwest.

1991

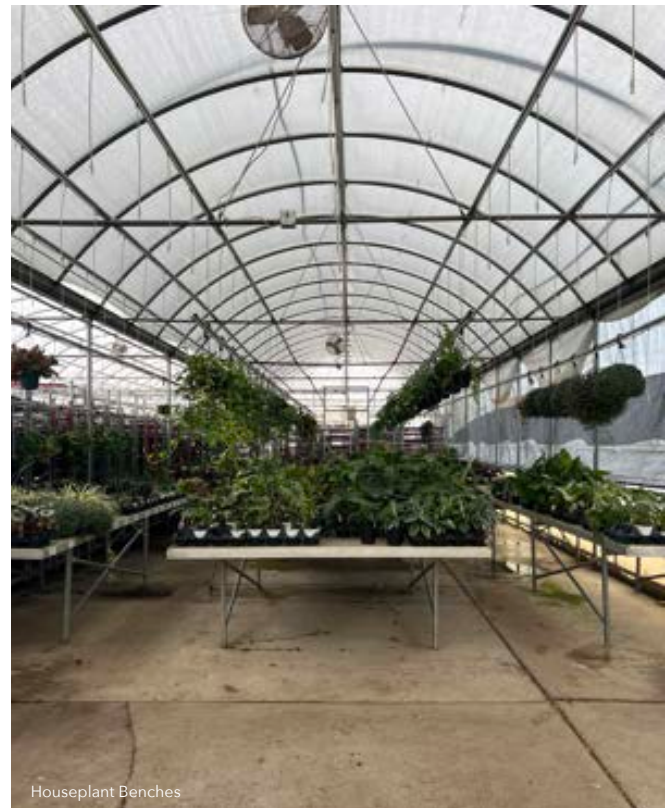

2020

What's New?

Much has changed around Opel Growers since we last created a catalog for our customers 4 years ago! Since then, we have increased our covered ranges and built a germination chamber with air conditioning, timed mist, and LED grow lights to reduce stretching and promote rooting.

We increased our space for planting and bulk soil storage, now we can have 3 different lines planting at the same time! We have implemented Integrated Pest Management along with routine sprays to help ensure our products remain at their very best. We have doubled the size of our propagation range, added more heated floor space, and benches for growing all our plugs.

We have also introduced a new houseplant line, which is getting much love from our customers, this line offers basics along with rarer houseplants. We also have an area outside our office of houseplants for customers to stop in and shop!

Thank You

From the office staff to seasonal workers, we want to say thank you for the opportunity to supply your needs, whether you are a returning customer or a new customer, we appreciate everyone who helps us continue to do what we have done for the past 40 years and counting.

GARDEN GEMS

You cannot go wrong with the classics and our Garden Gems collection offers one of the most extensive variety lists in the industry, allowing you to separate yourself from the “big box” stores. This category offers A-Z perennials along with daylilies, ferns, grasses, and hostas. We also offer a wide variety of vines and Clematis within this category. Perfect for filling your benches with a wide range of common perennials with awesome quality at a great price.

We offer this category in both quart and gallon sized pots. Our quarts are sold in 10-pk trays while our gallons are sold in 6-pk trays. Please note that not all varieties are offered in both a quart and gallon size. Our vines and Clematis are only offered in a gallon size pot and include a trellis. Each pot is equipped with a locked tag that includes both a UPC and SKU barcode along with basic plant information and planting instructions.

#1 Gallon 6-pk | 4 per shelf | 20 per rack

5" Quart 10-pk | 6 per shelf | 42 per rack

This unique and large line showcases the best and newest varieties from the best worldwide breeders. All offer genetics that can be easily differentiated from basic perennial genetics. Offering better flowers, stronger disease resistance, more impressive foliage, and greater endurance, these perennials display a "garden worthy" performance which will impress any gardener.

We offer this category in both quart and gallon sized pots. Our quarts are sold in 8-pk trays while our gallons are sold in 6-pk trays. Please note that not all varieties are offered in both a quart and gallon size. All plants come in a printed and branded "Premium Choice" pot that is not sold in major "big box" stores. Each pot is equipped with a locked tag that includes both a UPC and SKU barcode along with basic plant information and planting instructions.

PW

PROVEN WINNERS®

#1 Plant Brand.

A brand known and recognized worldwide by garden centers and customers. These high-quality plants are easy to grow, usually require little maintenance, and are perfect for any gardener, seasoned or beginner. We offer a wide range of perennials within this category. We also offer Proven Winner® annuals and 12" baskets.

We offer this category in both quart and gallon sized pots. Our quarts are sold in 8-pk trays while our gallons are sold in 6-pk trays. All plants come in a printed and branded "Proven Winner®" white pot. Each pot is equipped with a locked tag that includes both a UPC and SKU barcode along with basic plant information and planting instructions.

Terms & Conditions

Payment

Opel Growers accepts payments in the form of check, cash, or credit card. We accept Visa, MasterCard, and Discover. A 3% convenience fee is applied to credit card payments. A service charge of 1.5% per month is applied to overdue accounts, failure to pay service charges may result in delay of future orders.

Racks

Opel Growers delivers on bright red rolling racks. Upon delivery racks must be unloaded, if indicated on driver's paperwork, and returned onto delivery truck. Racks are property of Opel Growers and any damage or refusal to return may result in additional rack recovery fees for every rack refused or not ready for pick up. Rack pickup stops are always being added to loads, a driver may show up to pick up racks without prior notice. All racks must be unloaded and ready for the drivers to pick up.

Customer Pickups

Customers are welcome to pick up their order. During our busy season, please allow 24-36 hours for processing before picking up an order. Customers may pick up their orders from 8am-4pm Tuesday-Friday. Upon arrival, please go to our offices to sign and receive your copies of paperwork. COD customers must pickup while we are open to provide payment.

Gaurantee

Opel Growers guarantees our plant material to be healthy and true to name. Any plants that prove to not be true to name will be credited with proper proof and submitted within 30 days of delivery. Since growing conditions and plant care are out of our control once the product is delivered, we offer no additional guarantee beyond 30 days of delivery.

Restocking/Cancellations/Additions

If an order has been prepared for shipment or pickup and is cancelled or refused, it is subject to a 25% restocking fee. This also includes any material returned at the time of delivery not related to quality issues. Item cancellations when the order is prepared for shipment or pick up will also be subject to a 25% restocking fee. During the spring season additions and changes to orders cannot be made once the order is processed and being prepared for shipment.

Terms

Credit may be established by submitting a credit application that is provided in our new customer paperwork. Terms for approved customers are 30 days. Failure to provide payment within the terms can result in account reverting to COD based on the discretion of the accounting department. Failure to provide payment can also result in the delay or cancellation of future orders.

Promotional Sales

During our summer season we offer some promotional sales on certain items. Sale items are promoted on our website and mail chimp. All sale prices are based on our catalog prices. Sometimes that means volume discounts may be more than the sale discount. Discounts from sales will not be combined with any volume discount, the highest discount will be used.

Please remember that it is the customer's responsibility to discover and report **ALL** damages or shortages within the time frames listed below.

Inspection at Delivery

Upon delivery, please inspect **ALL** product and note any damage that occurred during transit. Indicate any discrepancies on driver's BOL.

If driver's paperwork indicate racks must be unloaded, **ALL** racks **MUST** be unloaded and returned on the same truck, **NO EXCEPTIONS!** Failure to return racks at time of delivery or when driver is doing a rack pick up could result in additional rack recovery fee.

Any obvious damage and rejections must be left on the racks and placed back on the truck for the driver to return.

Transit damage must be reported immediately upon arrival. Please provide photos of any damage to plants during transit along with a list of what was damaged. Credit will not be issued for transit damage not reported within 48 hours of delivery.

After Delivery

Inspect all material based on shipper received from the driver.

Please report all discrepancies, such as, shortages, damages, and quality issues to Opel via email at customerservice@opelgrowers.com within 48 hours of delivery.

Please report claims to your salesman as well, *however*, it is not your salesman's responsibility to submit your claim to Opel. Send in claims directly to Opel. Once you have notified Opel about discrepancies and sent pictures in **DO NOT** discard any material.

Material for which credit is desired **MUST** be returned to Opel within 2 weeks of delivery for full credit.

Photos submitted must support the claim requested. All claims must include photos that indicate the size and variety of plants for which credit is desired and a group photo of all the affected trays if there is more than one tray.

All final quantities must be submitted to Opel within 48 hours of delivery.

Credits

All claims submitted within the 48-hour time frame will be eligible for full credit. In order to receive full credit all product must be returned to Opel within 2 weeks. Product not returned will be eligible for partial credit. Any product that is not true to name must be submitted within 30 days of delivery.

Opel Growers does have the right to deny any claim and credit due to failure to follow these claim procedures. Any credit that may be issued not according to these procedures will be at the sole discretion of Opel Growers.
